**Overview:** Current country program established in 1984 and reopened in **2004**. Focus is on support to agricultural enterprises, including organic farming as Zambia has been identified as a Feed the Future country. USADF currently manages a portfolio of **19 projects** and **one Cooperative Agreement**. Total commitment is **\$2.8 million**.

Grantee	Duration	Value	Summary
<b>Diocese of Mongu Development Center (DMDC)</b> 1939-ZAM	2009-2014	\$240,191	<b>Agriculture (Rice):</b> DMDC markets rice which it purchases from local small scale farmers. USADF funds support the expansion of agro-processing operations. This grant project provides funds for sufficient working capital, the purchase of a four wheel tractor, and the purchase a truck to facilitate market deliveries.
<b>Mpima Dairy Producers Cooperative Society</b> 2044-ZAM	2009-2014	\$249,209	<b>Agriculture (Dairy):</b> MDPCS coordinates the production and sale of milk to vendors in Kabwe District. This USADF grant helps MDPCS expand production and acquire additional livestock, pasteurization and packaging equipment to increase profits for group members.
<b>Mumwa Crafts Association</b> 2245-ZAM	2010-2015	\$128,592	<b>Manufacturing (Traditional Basketry and Crafts):</b> USADF grant funds support Mumwa Crafts Association's business operations expansion. This grant enables Mumwa to meet the growing demand for Mekenge projects from the Western Province of Zambia.
<b>Zambezi Organic Growers Association</b> 2290-ZAM	2010-2015	\$156,707	<b>Agriculture (Rice):</b> The Zambezi Organic Growers Association (ZORGA) is an enterprise headquartered in the Mongu District. USADF grant funds help ZORGA to access the working capital and improved transportation needed to meet the local market demands. Grant funds are used to construct a warehouse and a rice mill to expand rice storage and processing capabilities.
<b>Lumwana Agricultural Cooperative Union</b> 2291-ZAM	2010-2015	\$102,588	<b>Aquaculture (Fish):</b> USADF grant funds enable LACU to access the working capital needed to increase production and take advantage of local market opportunities. Grant funds are used to purchase the materials to construct and rehabilitate fish ponds, as well as a refrigerated van for transport to market.
<b>Chambeshi Rice Farmers' Association</b> 2297-ZAM	2010-2015	\$108,082	<b>Agriculture (Rice):</b> USADF grant funds enable CRFA to access the working capital and the production equipment needed to help farmer members improve their market access and increase returns on their products. In particular, the grant will secure a warehouse, a rice mill, and an enhanced purchase fund to allow CRFA and its members to more efficiently produce, store, process and market their rice.
<b>Makumbi Farm Cooperative Society Limited (MCSL)</b> 2378-ZAM	2011-2016	\$169,903	<b>Agriculture (Dairy):</b> Makumbi Farm Cooperative Society Limited (MAFCOS) markets agricultural products supplied by its members. The cooperative has identified the production of raw milk as having strong market potential given the large unmet demand for milk in Zambia. This USADF grant expands Makumbi's business operations. To support expansion, MAFCOS will purchase additional livestock, equipment to collect and store the milk, and a refrigerated truck to transport the milk to local retailers.
<b>Chipepo Fisheries Company Limited</b> 2381-ZAM	2011-2016	\$152,195	<b>Aquaculture (Fish):</b> Chipepo Fisheries Company Limited is a company involved in fish procurement and marketing near Lake Karida, Gwembe. USADF grant funds enable the group to expand operations. Chipepo utilizes USADF grant funds to purchase fishing equipment and a refrigerated truck to transport fish to market.

Grantee	Duration	Value	Summary
<b>Chibote Multipurpose Cooperative Society Limited</b> 2444-ZAM	2011-2016	\$97,769	<b>Agriculture (Dairy):</b> CMCS is engaged in dairy production and marketing in Kalulushi District of the Copperbelt Province. USADF grant funds are used to expand the cooperative's of business operations. CMCS utilizes USADF grant funds to purchase additional livestock, equipment to collect and store milk, and a motorcycle to transport the milk to local retailers.
<b>Katete District Women's Development Association</b> 2590-ZAM	2012-2014	\$89,823	<b>Agriculture (Groundnuts):</b> Katete DWDA produces and sells groundnut butter and peanut oil in the Katete District of Eastern Province. This USADF grant is designed to build capacity within the association by increasing groundnut yields through the purchase of improved seeds which are then distributed to members. USADF-funded appropriate equipment improves the production of groundnut butter and peanut oil.
<b>Petauke District Farmers Association</b> 2594-ZAM	2012-2014	\$89,724	<b>Agriculture (Groundnuts):</b> Petauke DFA is involved in the production and sale of groundnut butter and peanut oil in the Petauke District of Eastern Province. This USADF grant is designed to build capacity within the association by increasing groundnut yields through the purchase of improved seeds which are then distributed to members. USADF-funded appropriate equipment improves the production of groundnut butter and peanut oil.
<b>Chipata District Women Development Association</b> 2596-ZAM	2012-2014	\$95,134	<b>Agriculture (Groundnuts):</b> Chipata DWDA is involved in the production and sales of groundnut butter and peanut oil in the Chipata District of Eastern Province. This USADF grant is designed to build capacity within the association by increasing groundnut yields through the purchase of improved seeds which are then distributed to members. USADF-funded appropriate equipment improves the production of groundnut butter and peanut oil.
<b>Itezhi-Tezhi District Business Association</b> 2669-ZAM	2012-2016	\$117,017	<b>Aquaculture (Fish):</b> Itezhi-Tezhi District Business Association (IDBA) is a company involved in the procurement and marketing of fish near Kafue River in the Southern Province. USADF grant funds are used to expand IDBA's operations to connect small scale and remote fishing communities with larger markets in a country where the demand for fish is steadily increasing. To support expansion IDBA uses USADF grant funds to purchase fishing equipment, fish storage equipment, as well as marketing and branding materials.
<b>Mongu Dairy Cooperative Society Limited</b> 2705-ZAM	2012-2017	\$152,381	<b>Agriculture (Dairy):</b> Mongu Dairy Cooperative Society Limited (MODACO) is a cooperative made up of small scale farmers based in Mongu District in the Western Province. The cooperative benefited from an Enterprise Development Investment grant from USADF which improved its operational and management capacity. The expansion grant is designed to increase the production and sales of milk through the purchase of improved breed cows, transportation, and storage equipment.
<b>Chipata Community Based Rehabilitation Association</b> 2823-ZAM	2013-2015	\$94,138	<b>Agriculture (Groundnuts):</b> Chipata CBR is involved in the production and sales of groundnut butter in the Chipata District of Eastern Province. This USADF grant is designed to build capacity within the association by increasing groundnut yields through the purchase of improved seeds which are then distributed to members. USADF-funded appropriate equipment improves the production of groundnut butter and peanut oil.
<b>Titukuke Rural Community Development Association</b> 2833-ZAM	2013-2015	\$96,066	<b>Agriculture (Groundnuts):</b> Titukuke RCDA is involved in the production and sales of cooking oil in the Petauke District of Eastern Province. This USADF grant is designed to build capacity within the association by increasing groundnut yields through the purchase of improved seeds which are then distributed to members. USADF-funded appropriate equipment improves the production of cooking oil.
<b>Chipangali Women's Development Foundation</b> 2881-ZAM	2013-2015	\$91,299	<b>Agriculture (Groundnuts and Sunflowers):</b> CWDF is involved in the production and sales of cooking oil in the Chipata District of Eastern Province. This USADF grant is designed to build capacity within the association by increasing groundnut yields through the purchase of improved seeds which are then distributed to members. USADF-funded appropriate equipment improves the production of cooking oil.

Grantee	Duration	Value	Summary
<b>Chibusa Home Based Care Association</b> 2925-ZAM	2013-2018	\$187,789	<b>Agriculture (Food Processing):</b> CHBCA is involved in the purchase of grains, processing into High Energy Protein Supplement (HEPS), and selling in Mungwi District in the Northern Province of Zambia. This USADF grant is designed to provide working capital for purchasing grains, increase milling capacity, build a storage warehouse, and provide funds to improve marketing.
<b>Ushaa Area Farmers Association Limited</b> 2937-ZAM	2013-2018	\$94,960	<b>Agriculture (Rice):</b> Ushaa is involved in the purchase of rice, milling it, and selling in Mongu District in the Western Province of Zambia. This USADF grant is designed to provide working capital for purchasing rice, build a storage warehouse, and provide funds to improve marketing.
